

2019 Web Rates

As a pastor who has revitalized a dying congregation, I know what works online. I am fluent in both church lingo and technology advancements. I help congregations not only update their overall online presence, but understand how their online presence is a function of their mission and outreach efforts. I will help you show off who you are and welcome newcomers into your midst. **Base prices listed and negotiable.**

HOURLY WEB CONSULTING \$500

Sold in three-hour blocks of time, I will consult with your organization's leadership regarding any number of topics they find helpful including: web presence for churches, social media, branding. I am also available to review existing web presence and offer guidance on next steps.

WEBSITE \$1300

I will walk your organization through the web design process. I will offer guidance in content creation while making a beautiful and easy to maintain site. Included: initial consult, building of site, up to two training session on maintenance with up to four leaders of your choosing. Please note, additional costs for domain and hosting as well as mileage.

ADD ONS: social media training (\$200), email marketing integration (\$200)

BRANDING AND WEBSITE \$2100

You'll benefit from my experience as a non-profit leader and a designer as we create a complete brand for your organization. Includes new website (hosting and domain costs additional) and cross-platform branding consulting. Logo creation additional.

2019 Consulting Rates

Topics include cultivating relationships within your congregation, curating your congregation's narrative (marketing for your church), meaningful worship, showing up as a congregation (reaching out into your community), effective systems of church governance that empower your congregation, social media development, and overall church revitalization. **Base prices listed and negotiable.**
